

Help with troubling visions, sounds, thoughts

See and hear

Looks troubled about hearing or seeing things that are not there

Muddled talk

Mixed up thinking

Talking to no one

(Your loved one may not be distressed by the visions, sounds and thoughts.)

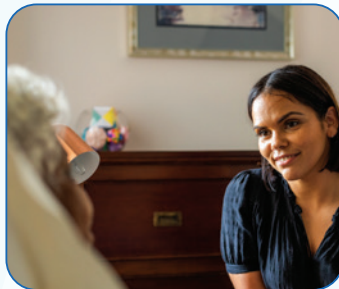

Do

Distract – do happy things

Talk, nod your head, don't argue, don't dismiss their worries

Keep a calm place

Give medicine as prescribed

Talk, stay, connect...

Special things
