Printing instructions
Colour-coded sticky labels for syringes

The labels included as a part of the caring@home package are designed to be printed using:

- Avery General Use Labels
- 45 labels per sheet, 58 x 17.8mm (Reorder #938212, Software Code: L7156GU).

Each printer will be different, however to ensure alignment, it is recommended you print only one sheet of labels at a time and use the following printer settings:

- Click on “Properties”
- Select 1 sided
- Select Colour
- Select Bypass Tray and place the label sheets into the tray
- Select OK
- Select ‘Actual size’
- Press Print

Repeat steps above for new label.
